¹ Fork carriage ISO 2A standard
² Deviations depending on 4/6-stop fork carriages

Gradients

Maximum distance that can be driven in 60 minutes.

Example: With a load of 2,000 kg and an incline of 10%, a RX 60-20 can drive a distance of 350 m up to ten times in an hour.

With load	Gradient	Maximum distance in m			
		RX 60-16	RX 60-18	RX 60-20	
	17%	1689	1577	1420	
	10%	3767	3704	3500	
	5%	10551	10452	9987	
	2.8%	14068	13798	13438	
Without load	Gradient	Maximum distance in m			
		RX 60-16	RX 60-18	RX 60-20	
		26%	1530	1556	1582
		17%	3259	3304	3314
	9%	10261	10312	10351	
	3%	19325	19453	19650	

Dry rough concrete = coefficient of friction 0.80
Battery: Standard as per data sheet
Speed is variable

Detailed Photos

Illuminated clipboard makes documents easily legible

Comfortable and high-quality driver's cab

External LED lighting for excellent light conditions

Driver information available centrally (e.g. display of energy consumption)

Display showing remaining power and current charge status

Blue-Q energy saving mode

Optimum availability due to convenient and safe lateral battery change

With a lifting capacity of 1.6 to 2.0 tonnes, the popular RX 60 forklift truck models are now better than ever: following a comprehensive overhaul, this smart electric forklift truck now sets new standards when it comes to transporting heavy goods weighing between 1.6 and 2.0 tonnes. Never before has it been easier to keep an eye on energy consumption. A display shows you just how many hours of use the truck has left using the current driving programme.

The RX 60 is a fantastic all-rounder in tight working areas, both over short and long distances, and is ideally suited for combined indoor and outdoor use, making it the perfect forklift truck for a range of applications. This includes drinks, fruit and vegetable storage in the food and drinks industry, as well as applications in printing firms, freight carrier receipt and dispatch of goods and multi-shift operations in the car industry, e.g. for the provision of equipment on production lines.

Extensive Equipment

Power

- Can lift up to two tonnes with a load centre of 500 mm
- Full power: maintenance-free rotary current drive with 80 Volt technology
- Move goods effectively: driving speed of up to 20 km/h
- Sufficient energy for multi-shift operations: high battery capacity and lateral battery replacement
- Perfect performance control: display shows truck's remaining usage time using the current driving programme

Precision

- Driving programmes allow the user to switch between maximum handling performance or optimum efficiency
- Adjustable to suit every task: speed, acceleration and braking can all be individually set
- Sensitive operation and continuous control of lifting speed: the latest proportional valve technology
- Intuitive one-pedal control
- Precise load handling: driver's seat and steering column set to one side giving optimal view past loads

Ergonomics

- Spacious, comfortable driver's cab that can be individually set up and offers numerous storage compartments
- Even more comfortable: premium driver's seat option provides perfect seat ergonomics

- Feel at home: standard, easy-to-use operating concept across the whole RX product line
- Comfortable: simple and safe entry and exit
- Choose from a range of individual control options: multi-lever, mini-lever, Fingertip or Joystick 4Plus

Compactness

- Ideal for use in small spaces: compact truck dimensions and extreme manoeuvrability allow for operation in narrow aisles
- Narrow truck frames enable efficient block forklifting
- Outstanding driving stability when turning

Safety

- Perfect all-round view: large viewing window allows vision on all sides, including the overhead guard
- Optimum safety thanks to the truck's low centre of gravity

Environmental Responsibility

- Low operating costs: low energy consumption and long maintenance intervals (1000 operating hours)
- Emission-free drive
- Blue-Q efficiency mode allows energy savings of up to 20% at the touch of a button with no loss of performance
- Over 95% of all installed materials are recyclable

RX 60-16/20 Electric Forklift Truck

Equipment Variants

		RX 60-16	RX 60-18	RX 60-20
Driver's seat	Safe and ergonomic driver's seat, with a large step, spacious footwell, excellent all-round visibility and optimal control element lay-out	●	●	●
	Drive-in overhead guard with Makrolon roof	○	○	○
	Weather-protected, canvas or full cab	○	○	○
	Tinted front windscreen, roof window made of either green-tinted or Makrolon laminated safety glass, windscreen wiper and wash system	○	○	○
	Low operating costs due to low energy consumption	●	●	●
	Sunshade and sun blind	○	○	○
	Roof liner with interior lighting	○	○	○
	Driver's seat with leatherette cover	●	●	●
	Textile cover, airsprung, lumbar support, extra-wide seat pad, large suspension travel, height-adjustable back extension, heated seat	○	○	○
	One-pedal control, switching the direction of travel using the hydraulic control	●	●	●
	Double-pedal control	○	○	○
	Splash-proof operating unit featuring display and function buttons	●	●	●
	Grab handle on protective roof	●	●	●
	Cold storage version, display and hydraulic oil can be used up to -30 °C	○	○	○
	Electrical heating 1500 W incl. defrosting blaster for front windscreen and footwell	○	○	○
	Document pocket on the back of the driver's seat	○	○	○
	Built-in storage and drink holder	●	●	●
	Horizontal spring plate for driver's seat to minimise human vibrations	○	○	○
	Adjustable roof window for instant cabin ventilation	○	○	○
	Seat can be rotated 20° to the right	○	○	○
Pad with clipboard, removable	○	○	○	
Radio/MP3 player with USB connection	○	○	○	
Mast	Free view mast available in duplex, NiHo and triplex versions	○	○	○
	Load backrest	○	○	○
	Mast vertical position	○	○	○
	Hydraulic accumulator in the lifting cylinder to attenuate pressure peaks in the hydraulic system	○	○	○
	Bellows protect the tilt cylinder from dust and moisture	○	○	○
	Stroke shut-off via push button	○	○	○
	Fork wear protection	○	○	○
Tyres	Superelastic/SIT system	●	●	●
	Superelastic/natural colour/SIT system Superelastic/Continental/SIT system Superelastic/anti-static/SIT system	○	○	○
Hydraulics	Multi-lever operation	●	●	●
	Mini-lever with armrest, 2, 3 or 4 levers, Fingertip or Joystick 4Plus	○	○	○
	Noise-optimised hydraulic pump	●	●	●
	Custom parametrisation of hydraulic functions	○	○	○
Drive	Proportional valve technology for high-precision movements	○	○	○
	High handling control due to powerful rotary current drive	●	●	●
	Blue-Q energy saving mode	●	●	●
	Display showing energy consumption and remaining driving time based on current charge	●	●	●
	Maintenance-free engines for driving, steering and lifting	●	●	●
Brake	Operating hours counter only operational with drive and lifting motor	●	●	●
	5 driving programmes	●	●	●
	Wear-free disc brakes that run in an oil bath	●	●	●
	Low operating and maintenance costs due to low energy consumption, energy recovery during braking, wear-free electrical braking, enclosed disc brakes	●	●	●
Safety	Energy recovery when braking	●	●	●
	Mechanical parking brake	●	●	●
	Electromagnetic parking brake, parking assistant for safe parking of the truck	○	○	○
	Protective grille roof	○	○	○
	Headlights and LED lighting performance	○	○	○
	Forklift has a low centre of gravity and steering axle with high self-aligning bearing for optimum levels of safety	●	●	●
	Panoramic mirror	○	○	○
	STILL Safety Light warning device, illuminated blue	○	○	○
	Assistance system (ATC - Assistance Truck Control): for safe exit/parking and seat belt control	○	○	○
	Assistance system (ATC - Assistance Truck Control): speed limiter controlled by steering angle	○	○	○
	Assistance system (ATC - Assistance Truck Control): speed limited when fork carrier is raised	○	○	○
	Driver-adjusted speed limiter	●	●	●
	Direction can be changed both left- and right-handed via mini-console	○	○	○
Load measuring with ±3% precision	○	○	○	
EasyBelt restraint system for quick and safe fastening and unfastening	○	○	○	
Sauermann type HRS-E/ERS restraint system or IWS restraint system with strap opening on the left	○	○	○	
FleetManager: access authorisation, shock detection, reports, OptiTruck	○	○	○
